

Frequently asked questions

Can I name Homes of Hope for my Endowment Fund?

Yes, Endowment Funds that name a specific charity are called Tagged Funds. These are very valuable for our organisation because it is money that we can count on every year.

Are there other options?

Yes, you have two options:

1. Setup your own Named Endowment Fund. Nominate Homes of Hope as the beneficiary, once the fund reaches \$50,000, a distribution will be made from the investment income yearly, forever.
2. Donate to the Homes of Hope Endowment Fund that has been set up with the Acorn Foundation. All donations to this fund are pooled and invested, with annual income distributed to help.

Can I start giving during my lifetime?

Yes, many donors get a lot of satisfaction out of giving during their lifetime. You can add to your Endowment Fund at any point. Some donors enjoy meeting their charity of choice. We are happy to coordinate visits for our donors.

The gift that keeps on giving

When considering your will, your family and loved ones come first, of course.

Many people find that after they have made provision for this they would like to also leave a gift to a cause that is close to their heart. Leaving a gift to Homes of Hope through the Acorn Endowment Fund is one of the most valuable and lasting ways to support our work.

Homes of Hope has already achieved so much, however there is still so much more we can do and finance is our greatest constraint. To find out more about our vision and the work we do. You can visit us at www.homesofhope.org.nz

The smarter giving model

Acorn Foundation's Smarter Giving Model means your donation is pooled and invested in perpetuity, so it continues to grow over the years. Upon reaching a \$50,000 distributions threshold, the investment income is used to make annual distributions to Homes of Hope. This means your gift will grow and continue to contribute annually--FOREVER! For children in need of care and protection, children who have experienced significant trauma due to abuse and neglect.

Your generosity provides us with the security of knowing we have ongoing funding and allows us to focus on delivering protection and therapeutic care to these precious children in great need.

When there are few to no immediate solutions - we step into the gap to care for these precious tamariki.
